FIRST ORDER OF BUSINESS

Roll Call

Mr. Laughlin called the meeting to order at 6:03 p.m. and called the roll.

SECOND ORDER OF BUSINESS

Public Comment

Don DeCanio stated that it appears the Board does not have a master plan or budgetary list and he believes it is necessary to determine which projects should be done immediately and which can be put off. The priority should be operational costs, safety, including repairs to sidewalks and roadways, and then the flooding projects. Only once those projects are completed should agenda items five through nine be considered. Next, Mr. DeCanio asked if the current contract with GMS for onsite management include proposed increases each year, or does it limit what those might be. He also asked why the facility management fee is increasing by double digits. Next, Mr. DeCanio

On MOTION by Mr. Robinson seconded by Mr. Swan with all in favor the proposal for deep root injections totaling \$610 was approved.

B. District Counsel

Ms. Gentry stated that the request by a resident at a previous meeting to extend his driveway apron was processed, permission was granted and the residents signed off on basic protections for the District. It was noted her firm could create a policy for such requests if desired. The board requested a policy for consideration at the next meeting to allow staff to process routine requests between meetings.

Next, Ms. Gentry reminded the board members to fill out their Form 1 by July 1st and complete four hours of ethics training by the end of the year. She also reminded the board of the qualifying period for the seats up for election in November, which is June 8th through June 12th.

C. District Engineer

Mr. Yuro stated that he reached out to the Sagamore Court contractor regarding the phased approach to the wetland project, however they have not yet provided an updated proposal.

Next, Mr. Yuro reported Dream Finders has indicated they are ready to start the Amelia Concourse swale project as soon as possible. He noted Dream Finders would need an easement and asked if the Board would be open to providing that

D. District Manager

1. Report on the Number of Registered Voters

Mr. Laughlin informed the Board there are 1,645 registered voters reported to be residing within the District's boundaries.

2. Reminder of Upcoming Election

Ms. Gentry covered this item under District Counsel's report.

E. Amenity / Field Operations Manager – Report

A copy of the amenity and field operations report was included in the agenda package for the Board’s review.

FIFTH ORDER OF BUSINESS

Discussion of Landscape Improvements to Area 42 and 43

Mr. Cook asked that BrightView’s pricing be looked at closer.

Mr. Laughlin noted that the unit prices are contractual.

Mr. Cook asked that the prices be looked at closely when negotiating the next contract.

Mr. Robinson presented the plans provided by resident Scott Smith for areas 42 and 43, noting he included the pricing estimates in the capital reserve planning tool for FY27 and plants should not be installed in the summer.

The Board’s consensus was to approve the design plans and directed staff to get proposals for adding irrigation lines in the area.

On MOTION by Mr. Robinson seconded by Mr. Cook with all in favor the design plans for areas 42 and 43 were approved with staff directed to seek proposals for installing irrigation lines.

SIXTH ORDER OF BUSINESS

Discussion of Entry Landscape Plans

Mr. Laughlin reminded the Board the plans for the entry landscaping were approved at the last meeting, however proposals have not been received yet.

This item was tabled.

SEVENTH ORDER OF BUSINESS

Discussion of School Bus Stop Area – Landscaping Project Scope

Mr. Robinson stated that the grass around the school bus stop is dying due to the foot traffic and asked if the Board would be interested in adding pavers and ground covering or crushed glued rocks or shells. He suggested extending the improvements around the five trees around the fire hydrant and Cherry Creek.

Staff was directed to work with resident Scott Smith on design plans.

EIGHTH ORDER OF BUSINESS

Discussion of Installing Dog Park

Information found during research of dog parks was provided to the Board for their review. It was noted 30% of those that responded to a survey said that a dog park is moderately

or extremely important to them. It is estimated it would cost around \$40,000 to construct the dog park, which includes FOB access to ensure only residents can gain access. Supervisor Murphy requested more information regarding ongoing maintenance and cleanup. Supervisor Swan listed concerns with the project.

This item was tabled until finances could be discussed.

NINTH ORDER OF BUSINES

Discussion of Installing Pétanque Court

Information on Pétanque courts and the sport was presented to the Board for their review. The research showed the courts could cost around \$3,000 to \$4,000 for a professional install, so it would be a lower cost amenity with lower maintenance requirements. The location proposed was just behind the pickleball courts. Ms. Murphy expressed concern with parking issues if there were teams of people playing at once.

The Board directed staff to bring back installation proposals at the next meeting.

TENTH ORDER OF BUSINESS

Discussion of Pond Bank Maintenance Procedure

Mr. Laughlin asked if the Board would like to begin having the landscape maintenance provider raise their mower decks around the pond banks to provide natural filtration,

Ms. Murphy recommended raising the grass level around all the ponds if the Board chooses to proceed.

The Board’s consensus was to raise the mower decks to the highest setting (four inches) around all of the pond banks and to continue to monitor.

ELEVENTH ORDER OF BUSINESS

Ratification of Engagement Letter with Grau & Associates for Fiscal Year 2026 Audit Report

Mr. Laughlin reminded the Board Grau & Associates was the audit firm selected during the request for proposals process.

On MOTION by Mr. Cook seconded by Ms. Murphy with all in favor the engagement letter with Grau & Associates for the fiscal year 2026 audit report was ratified.

TWELFTH ORDER OF BUSINESS

Discussion of Cost Share with AEA

Mr. Laughlin presented the draft cost share agreement with AEA Yulee, noting the amount coming back to the district through the cost share would be \$22,000 per year. This is for the areas affected at the entrance from increased traffic due to the new daycare. Mr. Laughlin also suggested doing the same cost share with Village Walk, which would result in lowering their cost share amount now that the well is installed.

On MOTION by Mr. Robinson seconded by Ms. Murphy with all in favor the cost share agreement with AEA Yulee was approved in substantial form.

On MOTION by Mr. Robinson seconded by Mr. Cook with all in favor amending the Village Walk cost share agreement to match the AEA cost share was approved.

THIRTEENTH ORDER OF BUSINESS

Consideration of GMS Proposed Fees for Facility Management, Field Operations Management and Janitorial for Fiscal Year 2027

Mr. Laughlin presented the proposal from GMS for a 6% increase in onsite management and maintenance fees.

On MOTION by Mr. Robinson seconded by Ms. Murphy with all in favor the proposal from GMS for facility management, field operations management and janitorial fee increases was approved.

FOURTEENTH ORDER OF BUSINESS

Consideration of Resolution 2026-06, Approving the Proposed Budget for Fiscal Year 2027 and Setting a Public Hearing Date

Mr. Laughlin presented the proposed budget for fiscal year 2027, which does not result in an increase in assessments. He also informed the Board there is around \$60,000 left over from the Phase 1 roadway project bonds that could be used for the Sagamore wetland project. Those funds are not included in the budget as they have not yet been transferred to the general fund.

On MOTION by Mr. Robinson seconded by Mr. Cook with all in favor Resolution 2026-06, approving the proposed budget for fiscal year 2027 and setting a public hearing for August 18, 2026 at 2:00 p.m. was approved.

FIFTEENTH ORDER OF BUSINESS Audience Comments

Will Knudsen commented that the sprinklers have been running late at night on both sides of the road on different days of the week from the entrance all the way down.

Janet Ness asked when the Sagamore work is going to be done once the contractor provides their updated pricing. She is concerned that it has already been two years of discussing this project and the pricing will continue to increase.

Mr. Laughlin responded that if the funds are all there once the \$60,000 is accounted for, the project will be started as soon as possible. Otherwise, the project will have to wait until the fiscal year 2027 budget commences.

Don DeCanio commented that he tried for years to get a pothole on Fall River Parkway fixed, however the only thing that was fixed is where the dirt was showing. He questioned why the entire depression wasn't repaired.

Mr. Laughlin responded that it was repaired as needed and is being monitored.

Don DeCanio stated that there are some mulched areas in which the mulch is extremely light. Next, Mr. DeCanio commented the dog park and Pétanque courts would need to be made handicap accessible if installed. Lastly, Mr. DeCanio stated that off Fall River Parkway behind the pump station there is rebar that used to be used to tie a tree down, but it could become a hazard.

SIXTEENTH ORDER OF BUSINESS Supervisor Requests

Mr. Robinson stated that there are a lot of comments that a lot of work is done in the front of the neighborhood rather than the back. For the Series 2018A and 3B series, which covers Phase 4B and 5A and 5B, the developer ran out of money before they got to landscaping, so any money used for landscaping projects had to come out of pocket and the Board had to approve it.

SEVENTEENTH ORDER OF BUSINESS Other Business

There being none, the next item followed.

EIGHTEENTH ORDER OF BUSINESS Next Scheduled Meeting – June 16, 2026 at 2:00 p.m. at the Amelia Walk Amenity Center

NINETEENTH ORDER OF BUSINESS Adjournment

On MOTION by Mr. Robinson seconded by Mr. Cook with all in favor the meeting was adjourned.

Re: *Amelia Walk Community Development District
Notice of Violations and Suspension of Amenity Privileges*

Dear Mr. and Mrs. Young:

I serve as District Manager to the Amelia Walk Community Development District (the "District"). I am writing on behalf of the District to notify you that due to the incident described herein, your household's amenity privileges are hereby suspended at least until the next meeting of the District's Board of Supervisors (the "Board") on **June 16, 2026, at 2:00 p.m.** The Board may elect in its discretion to lengthen the suspension timeline at the meeting. Your Patron Card will be disabled upon issuance of this letter. Effective immediately, your household's amenity privileges are suspended for all recreational facilities owned and operated by the District, which includes, but are not limited to, the Amenity Center clubhouse, fitness center, swimming pool, multipurpose field, and any other District amenities.

Reason for Suspension. The District was recently made aware that your home is listed as available for short-term rental on travel websites such as VRBO. Screenshots of the applicable listing are enclosed with this letter. The posting includes representations that short-term renters may utilize District amenities. Specifically, the listing states: "The Amelia Walk Amenities Center offers a fitness center, tennis courts, pickleball courts, and a community pool. There's also a playground for kids, making it a great spot for fun and relaxation." The facilitation of unauthorized use of District amenities violates the District's *Policies Regarding Use of the District's Amenity Center* ("Amenity Rules").

Use of the District's amenities is limited to Patrons and their Guests. The relevant terms are specifically defined in the Amenity Rules as follows:

- **"Guest"** – shall mean any person or persons, other than a Resident or Non-Resident Patron, who is expressly authorized by the District to use District facilities, or invited for a specific visit by a Patron to use District facilities.
- **"Non-Resident Patron"** – shall mean any Non-Resident who is paying the Annual User Fee to the District for use of all District facilities.
- **"Patron"** – shall mean Residents, Non-Resident Patrons, and Renters.
- **"Renter"** – shall mean a tenant, occupant, or an individual maintaining his or her residence in a home located in the District pursuant to a valid rental or lease agreement. Proof of a valid rental or lease agreement is required.
- **"Resident"** – shall mean any person or household owning property within the District, or any renter who has been approved for issuance of a facility access card.

Short-term renters do not meet the definition of any authorized user of the District's amenities. Additionally, the Amenity Rules state that "Guests must be registered or accompanied by a Patron before entering the Amenity Center or

when using District property.” Please also note that in accordance with the Amenity Rules, “Patron Cards are the property of the District. The District may request surrender of, or may deactivate, a person’s Patron Card for violation of the District’s rules and policies established for the safe operations of the District’s Amenity Facilities.”

The observed violations of the District’s adopted policies include:

- Permitting the unauthorized use of a Patron Card or otherwise facilitating or allowing unauthorized use of the Amenity Facilities;
- Failing to abide by any District rules or policies; and
- Such person’s guest or a member of their household committing any of the above violations.

Opportunity to Address the Board. At present, the suspension will remain in effect until at least the Board meeting on **June 16, 2026, at 2:00 p.m.**, at which time the Board will determine the appropriate duration of the amenity privilege suspension, deemed by it in its sole discretion to be appropriate under the circumstances.

In determining whether to impose a longer suspension or take any additional action, the Board shall take into account the nature of the violation and any prior violations. The Board may determine what additional action, if any, will be taken or may reserve its decision until a later date. I have been using Vrbo for years. This host was the best I have ever had.. He was kind and thoughtful. He went the extra mile when he did not have to. My husband is in a wheelchair he got ramps so we could get him in and out the house. There was a minor issue with the pool. He had it handled on a holiday...

QUESTIONS AND ANSWERS ON THE PROPOSED DOG PARK

QUESTION: How do we make sure that only residents can use the Park?

ANSWER: We will use the fobs you currently use for Clubhouse entry. This also has the benefit that any "bad actors" or their dogs can be identified.

QUESTION: What about the liability?

ANSWER: I have assurance from our management company that our current Insurance would cover this, same as playground, swimming pool, and pickle ball courts.

QUESTION: What do we do about the doggy poo!

ANSWER: A dog waste receptacle will be provided for the doggy waste bags, similar to the ones shown at dogwastedepot.com. Volunteers will periodically empty this into the dumpster by the clubhouse.

QUESTION: What about the rules of use?

ANSWER: We will have a permanent sign noting the rules and regulations. These will be approved by the CCD board.

QUESTION: I hear stories about dogs being attacked in dog parks..

ANSWER: This will be a self-governing facility by the residents. No Aggressive Dogs or People will be tolerated. Entry by fob will assure that we will be able to identify bad actors and they will be dealt with

It is anticipated that we will have an active group of volunteers who will meet after the Dog Park is approved by the CCD board. We already have many volunteers ready to help with the various details.

WOULD YOU SUPPORT OUR OWN DOG PARK ??

WHY

To be really healthy, dogs need exercise and a place to run. This park will allow a place where dogs can run off leash. Dog parks allow dogs, and their owners, a special place to socialize. A dog park is an amenity that increases the value of a community.

HOW?

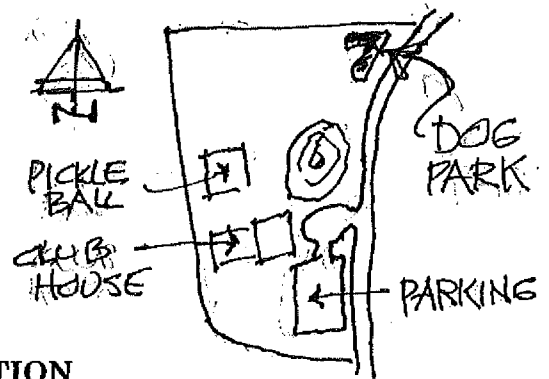

Your CDD board sets the Community budgets and priorities each year. Residents need to prove to the board that there is a need and desire for any amenities

Items can be included in the budget when a need and interest are shown by the residents. By signing this partition, we can prove to the board that this need exists.

The main community insurance covers the Dog Park, as well the other outdoor activities.

DETAILS

1. The park will be enclosed by a 6 ft. high chain link fence with a double gated entry and separate areas for large and small dogs.
2. The access will be by using your key fob **RESIDENTS ONLY.**
3. Water stations will be provided, along with benches for the Owners. A central doggy poop station will be part of the design, and will be emptied periodically by the Owners. There will be a regulations sign posted to provide guidance.

LOCATION

The Park is proposed to be located in the N.E. corner of the (Soccer) field as shown above. Residents can park at the Recreation building but will need their fob to access the Park

WHO

We have many residents who are willing to volunteer to help clean and maintain the Dog Park. The main maintenance concern will be the periodically emptying of the doggy bag poop station. Upon approval to proceed we will finalize a group to monitor the activities.

Some residents have offered to build benches and other fixtures when supplied the materials.

Amelia Walk Dog Park Research Notes and Cost Estimates (Jeff Robinson – April 2026)

An ideal dog park should be at least **one acre** in size, though successful, smaller urban spaces can operate on roughly 0.5 acres. For proper maintenance and to accommodate high traffic without becoming muddy or overcrowded, 1–5 acres is recommended. Spaces should include separate areas for large and small dogs.

Key Considerations for Size and Layout

- **Minimum Size:** A 2,200-square-foot area is too small, acting merely as a relief area rather than a park. A minimum of 0.5 acres (approx. 21,780 sq ft) is typically required for effective, comfortable use. ***PROPOSED by residents (3050 square feet)***
- **Optimal Size:**

The American Kennel Club recommends one acre or more for the best experience.

- **Separation:** Effective parks divide space into separate, fenced sections for small dogs and large dogs to reduce conflicts.
- **Capacity:** Overcrowding reduces the quality of the experience; larger, wider spaces allow dogs to run and play without feeling overwhelmed.
- **Infrastructure:** Adequate space should be left for double-gated entries, benches, water stations, shaded areas, and parking.

Design Tips

- **Fencing:** Use a 4- to **6-foot high** (*6' black coated chain link fence is proposed*) fence that is secured to prevent digging.
- **Surface:** Use durable, impact-absorbing materials like wood chips, artificial turf, or well-drained grass.
- **Location:** Avoid placing parks directly next to playgrounds or schools to prevent safety conflicts.

If space is limited, the park should have high-quality, durable surfaces and, ideally, be located in an area that allows for future expansion

Small/Neighborhood Runs: 2000 to 8,000 Square feet.

Good rule of thumb is to allow 75-100 square feet per dog during peak periods *Proposed 3050 Sq Ft, 20 large dogs and 13 small dogs at peak.*

Q. Does adding a dog park in an CDD common area increase insurance costs?

A. **Yes**, adding a dog park in a [Community Development District](#) (CDD) common area generally increases insurance costs. The added risk of injury from off-leash dogs (bites, falls) requires increased liability coverage. While CDDs often maintain amenities like dog parks, adding new, higher-risk infrastructure usually triggers premium hikes and maintenance fee adjustments.

Key Insurance Considerations:

- **Liability Risk:** Dog parks are considered high-liability areas due to potential interactions between dogs and residents.
- **Coverage Premium Increases:** Insurance premiums may rise due to the expanded liability coverage required to cover potential lawsuits or medical incidents.
- **Maintenance & Enforcement:** The costs associated with keeping the area safe—including proper fencing and maintenance—may increase the operating expense portion of CDD fees.

It is highly recommended that the CDD board consult with their insurance provider to evaluate specific coverage changes before installing a new dog park.

Some google search AI results

The minimum size for a dog park, a small dog park, is one-half of an acre. Ideally, a dog park should be one acre or more in size.

You want the ability to put in adequate parking and have access to infrastructure, such as electricity and running water.

What are the cons of building a dog park?

These parks aren't recommended. It can be a dangerous place at times: you may witness fights between dogs, or your dog may be preyed upon by more aggressive dogs. Your dog can pick up bad habits like fear, aggression, rough play, and he may begin to ignore his commands. Illnesses can be passed from dog to dog.

What is the best dog park layout?

The best layout is one that is fenced in with a gate and an accessible path back and forth from the parking lot to the park itself. The best separation concept is to create separate areas for small dogs and large dogs and placing size appropriate equipment in those areas.

What makes a dog park successful?

One or more acre of space for dogs to run and play. Four- to six-foot fencing around the park. Double gate system to keep pets safe as they go in and out of the park off-leash. Separate large and small dog areas.

What is the best size for a dog park?

between ½ acre and one acre

Size: The recommended minimum size for dog parks varies considerably among cities, but is generally between ½ acre and one acre. Buffer from Residential: A few cities provide definitive distances from residences, varying from 50 feet to 200 feet.

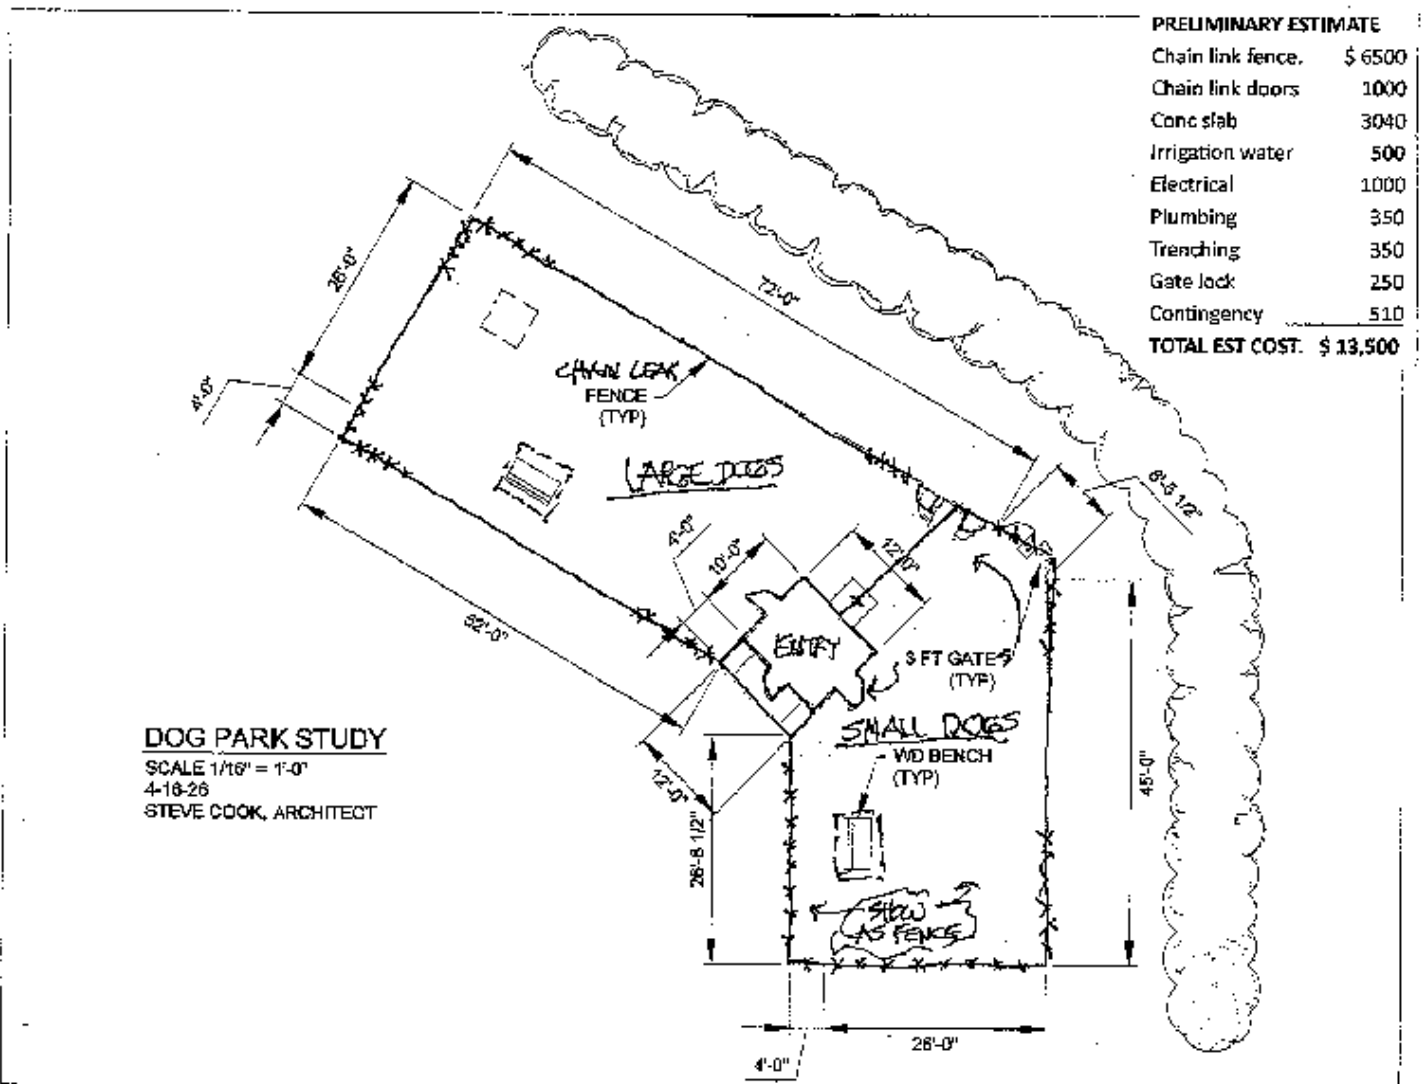

Why do dog parks have two gates?

Most enclosed parks have a double gate to come through; there is a reason for this! The two gates are there to make sure no dogs accidentally get in or out, so when coming in you open the outside gate, let your dog through, close it, open the inside gate, let your dog through, and then close it.

What is the argument against dog parks?

One of the biggest dangers of dog parks is that they often don't have separate play enclosures for large and small dogs, or when they do, owners can choose to disregard those spaces. Even without meaning to, a large dog can easily cause serious injury or even kill a smaller dog

April 24, 2026 phone conversation regarding dog parks with Greg Kern VP at Greenpoint developer, former CDD Chairman at Amelia Walk and current Chairman at Tributary presently 800 homes in place. Dog park at Tributary was put in from the initial development creation near the front of the development not too far from their amenity center. No parking, few issues but some with dog fights and he was not aware of any insurance premium hikes. New development projects the developers plan to include dog parks.

Design and site plan is preliminary. Would require CDD board approval before requesting staff to get quotes for different aspects of the project.

Proposed location of dog park

Area approximate not to scale, just for illustration purposes.

Pétanque Courts at Amelia Walk

There are residents that would like to request the CDD board consider the installation of Pétanque courts near the Amenities Center so that residents would not have to travel to Fernandina Beach to play this popular sport. This sport is low installation cost, low maintenance cost, and low impact on the body unlike some other sports in the area. Pétanque is a similar lawn bowling game such as bocce ball.

The Pétanque Festival of Amelia Island each November is considered the biggest and best in the country. As our neighborhood ages, these will be attractive attributes to Amelia Walk's seniors looking for a way to socialize outdoors with friends and spouses without needing hundreds of dollars for each outing as is often required for four to six people to play golf.

An area holding two courts or (*terrain*) might have an estimated cost of \$8K-\$15K. This is a swag but a specification would have to be reviewed and board approved then quotes to get actual costs before any formal approval and funds allocated.

There is an area behind the pickleball court and adjacent to the pavilion that might be a workable area for several courts.

Possible Location

Playing area

Pétanque can be played on almost any flat, open space. The ground may be irregular and interrupted by trees or rocks, and the surface is likely to be uneven, with some areas hard and smooth and other areas rough and stony. When an area is constructed specifically for the purposes of playing pétanque, the playing surface is typically loose gravel, [decomposed granite](#), brick grog or crushed sea shell. Sandy beaches are not suitable, although light plastic boules are sometimes used to adapt the game for the beach. There is no requirement for backboards or sideboards (as in bocce), but dedicated playing areas are often enclosed in boards or some other structural barrier.

An area where a single pétanque game is played is called a *terrain*. A "playing area" (*aire de jeu*) is an area containing one or more terrains. For tournaments, a large playing area is subdivided and marked off (typically using nails and string) into rectangular *marked terrains* (also known as "lanes" (*cadres*) or "pistes") so that multiple games may be carried on simultaneously. For tournament play, a marked terrain is a rectangle at least 4 meters (13 ft) wide and 15 meters (49 ft) long. Minimum size for recreation is 3 meters (10 ft) wide by 12 (39 ft) meters long.
